Page 44: Assessment Criteria D

Number 18 is missing after 17. Insert 18 after 17 as follows:

18. Has your organisation met all its contractual obligations over the last three years?	This question applies to the three years prior to the current financial year. If you answer "no" you will need to provide details of when you have failed to meet your contractual obligations (such as data reporting, financial or project delivery obligations) which resulted in your organisation not receiving payments. You will need to explain how the issue/s were resolved including if your contract was changed or terminated.

Pages 45 and 46: Assessment Criteria E

The numbering under Assessment Criteria E should therefore start at 19 (not 18) and finish with 26a (not 25a)
